MEMORANDUM FOR: Deputy Director of Central Intelligence

THROUGH: Director, Intelligence Community Staff

26 MAR 1982

FROM: [redacted] 25X1
Chairman, Human Resources Committee

SUBJECT: Action Assignment from DCI

1. The purpose of this memorandum is to inform you of the action assignment which the DCI gave us at the conclusion of our briefing and discussion yesterday.

2. What the DCI has asked us to do, as I see it, is to develop the outline for a computerized Community-wide system linking (a) HUMINT intelligence collection objectives in our Collection Plans with (b) more detailed amplifying requirements by analysts and consumers to the extent these are needed, and with (c) collection capabilities. (In developing this outline we will also endeavor to dovetail our approach with the target/topic budget system, although this point did not come up in the discussion with the DCI.)

3. We intend to develop the outline for the concept--at least for the time being--entirely within the IC Staff. I told Mr. Casey we would have something for him in about two weeks.

On 26 January 1982, the Executive Director circulated the attached memorandum assigning various actions as indicated. Now that the briefing of the House Permanent Select Committee (HPSCI) staff re Agency proprietaries (item 1) is behind us, I am concerned that we take stock of where we stand with regard to the other actions with a view to making sure that the responses to the Committee are channeled through this office.
